satisfy you with flexible
and complementary products
often on hybrid and highly
reliable installations
because they are entirely
designed, built and tested in a
perfect manner

Motorized Pergolas

A motorized pergola is the perfect solution for back yard shade, whether you're entertaining or relaxing. Adjust the natural light to exactly what you want based on the weather and your preferences. You can even add screens around the sides to keep out bugs!

Aluminium pergola

Discover your own personal interplay of light and experience your moment outdoors in the sun, wind or rain with the slatted roof.
